Sailing for gold

TEEN SKIPPER'S DREAM OF OLYMPIC GLORY

Rowan Cowley

A LOCALITY based sailor will hope for success at any Price when she competes at the London Olympics from late July.

Olivia Price, a member of both Middle Harbour Yacht Club and Middle Harbour 16ft Skiff Club, is hoping to celebrate her 20th birthday in the ultimate style, with Olympic gold.

Price will turn 20 during the Games and is set to compete in the women's match racing discipline event of Weymouth on England's south coast from July

THE EVENT

- Teams of three compete in one-on-one duels
- The first team across the line wins the heat
- Teams must obey race rules and if a rule is broken the team is flagged by an umpire.
- A team that has been flagged has to complete a 270-degree turn as a penalty.

20. She will skipper an 16ft boat, a 6m boat, with Nina Curtis and Lucinda Whitty her fellow crew members.

Price spoke to the *Daily* about her excitement before

flying out for London with her team last weekend.

"This is something that's been a goal of mine for the past four years," she said. "To have it come true is just amazing. I can't explain how excited I am."

She began sailing as an eight-year-old after a cousin asked her to give it a try and the sport soon developed into a passion.

She believes her team has a realistic chance of a medal. "We're expecting to medal at least. We've been working really hard and our ultimate goal is to win the gold medal," she said.
